Agricultural Field in Agioi Trimithias

Agioi Trimithias, Nicosia

€29,000 Not subject to VAT

Description

This 1,519 square-meter field sits in Agioi Trimithias, a village in the Nicosia district. The plot offers scope for agricultural use or development, with no stated restrictions on its future use. Agioi Trimithias adjoins Nicosia, Cyprus's capital and largest city.

The village sits in the island's central plain, surrounded by productive agricultural land. Nicosia offers shopping, dining, medical facilities, and banking services. The wider area is characterized by low-rise residential and agricultural development.
