Building Plot in Agios Vasileios - Strovolos

Strovolos, Nicosia

€130,000 Not subject to VAT

Description

This 243 square-meter building plot is located in Agios Vasileios within Strovolos, a residential district of Nicosia. The land is ready for development and offers an opportunity to build according to your specifications.

Strovolos adjoins Nicosia, the island's capital and largest city. The area is primarily residential, with apartments and detached houses on a mix of plot sizes. Local amenities include food shopping, pharmacies, and places to eat and drink, serving the established community.
